PROFESSIONAL SUMMARY

Results-driven Angular Developer with over 4.5 years of experience building scalable, high-performance web applications and executing complex architectural migrations. Expert in Angular, TypeScript, and RxJS, leveraging modern GenAI tools and LLM assistants to accelerate engineering velocity. Proven expertise in bridging advanced frontend micro-architectures with seamless UI/UX.

TECHNICAL SKILLS

Frontend & Frameworks:	Angular, RxJS, React.js, TypeScript, JavaScript (ES6+), HTML5, SCSS/CSS, Tailwind CSS, Bootstrap
Architecture & Methods:	Micro Front-Ends (MFE), Lazy Loading, Reactive Programming, State Management, Responsive Web Design, REST APIs
Tools & Platforms:	Git, GitHub, AWS (S3), Node.js, Express, MongoDB, GitHub Copilot, Cursor

PROFESSIONAL WORK EXPERIENCE

Software Engineer	Beinex Consulting Pvt. Ltd	Kochi, India	Dec 2024 – July 2026
- Architected and delivered enterprise-grade web applications using Angular, TypeScript, and Micro Front-End (MFE) modular architectures. - Optimized application performance through lazy loading, change detection tuning, and advanced RxJS stream management. - Leveraged generative AI tools and LLM assistants to automate routine code structure patterns, boosting engineering velocity. - Collaborated with cross-functional teams to integrate complex backend services and maintained rigorous code quality via reviews. - Conducted regular code reviews to ensure code quality and adherence to architectural standards.			
Angular Developer	Techwyse Internet Marketing	Kochi, India	Feb 2022 – Oct 2024
- Developed robust, scalable web applications and high-traffic marketing interfaces using Angular, RxJS, and TypeScript. - Partnered closely with UI/UX teams to build responsive, high-performance user interfaces utilizing HTML5, SCSS, and Bootstrap. - Mentored junior developers on front-end best practices, clean code standards, and component reusability.			
Junior Software Engineer	Bramma IT Solutions	Kochi, India	Dec 2021 – Feb 2022
- Designed and optimized MongoDB database schemas to improve query execution speeds and data organization. - Collaborated with cross-functional teams to ensure seamless integration of new features with Angular, React frontends. - Integrated backend collections and database features smoothly with Angular and React front-end frameworks.			

PERSONAL PROJECTS

- Personal Portfolio:**Developed a personal portfolio website utilizing modern Angular features and responsive design [View Project](#)
- Redstore E-commerce Website:**Built a fully responsive e-commerce web application using Angular, ensuring seamless performance across mobile and desktop devices. [View Project](#)
- Netflix Website Clone:**Developed a fully responsive streaming interface clone using Angular and SwiperJS with third-party REST API integration. [View Project](#)
- AWS Drive Management:**Created an S3 bucket management tool to upload, organize, and populate images and folders dynamically via a web interface. [View Project](#)
- Social Media Full-Stack Application:**Engineered a social media web application using Angular, Node.js, MongoDB, and WebSockets for real-time data handling. [View Project](#)

EDUCATION

Software Engineering Certification Verzeo, Bangalore	March 2021 – Sept 2021
Bachelor of Technology in Mechanical Engineering Universal Engineering College, Thrissur	Aug 2012 – Aug 2016
