PROFESSIONAL SUMMARY

AngularDeveloper with over 4.5years of experience building scalable, high-performance web applications and executing complex architectural migrations. Expert in Angular, TypeScript, and RxJS, utilizing modern AI-driven development tools to optimize development velocity. Passionate about bridging the gap between advanced frontend architecture and seamless UI/UX to deliver intuitive user experiences.

TECHNICAL SKILLS

Frontend & Frameworks:	Angular, RxJS, React.js, TypeScript, JavaScript (ES6+), HTML5, SCSS/CSS, Tailwind CSS, Bootstrap
Architecture & Methods:	Micro Front-Ends (MFE), Lazy Loading, Reactive Programming, State Management, Responsive Web Design, REST APIs
Tools & Platforms:	Git, GitHub, AWS (S3), Node.js, Express, MongoDB, GitHub Copilot, Cursor

PROFESSIONAL WORK EXPERIENCE

Angular Developer	Beinex Consulting Pvt. Ltd	Dec 2024 – July 2026
Kochi, India		

- Architected and delivered enterprise-grade web applications using Angular, TypeScript, and modern Micro Front-End (MFE) architectures to build independently deployable modules.
- Collaborated with product managers and backend developers to ensure seamless integration of front-end components with back-end services.
- Optimized application performance through lazy loading, efficient change detection strategies, and advanced RxJS stream management.
- Leveraged modern generative AI tools and LLM assistants to automate routine code structure patterns, boosting engineering velocity.
- Conducted regular code reviews to ensure code quality and adherence to architectural standards.

Angular Developer	Techwyse Internet Marketing	Feb 2022 – Oct 2024
Kochi, India		

- Architected and implemented robust, scalable web applications using Angular, RxJS, and TypeScript, following industry best practices.
- Developed new user-facing features and functionality for high-traffic marketing and web applications.
- Partnered closely with UI/UX designers to achieve high-performance user interfaces using HTML5, CSS3, SCSS, and Bootstrap.
- Mentored junior developers, promoting best practices and clean code standards in front-end development.

Junior Software Engineer	Bramma IT Solutions	Dec 2021 – Feb 2022
Kochi, India		

- Refined database schema designs using MongoDB, resulting in faster query execution times and enhanced data organization.
- Collaborated with cross-functional teams to ensure seamless integration of new features with Angular, React frontends.
- Built and managed database collections using MongoDB for scalable web applications.

PERSONAL PROJECTS

- Personal Portfolio:**Developed a personal portfolio website utilizing modern Angular features and responsive design principles.[View Project](#)
- Redstore E-commerce Website:**Built a fully responsive e-commerce web application using Angular, ensuring seamless performance across mobile and desktop devices.[View Project](#)
- Netflix Website Clone:**Developed a fully responsive streaming interface clone using Angular and SwiperJS with third-party REST API integration.[View Project](#)
- AWS Drive Management:**Created an S3 bucket management tool to upload, organize, and populate images and folders dynamically via a web interface.[View Project](#)
- Social Media Full-Stack Application:**Engineered a social media web application using Angular, Node.js, MongoDB, and WebSockets for real-time data handling.[View Project](#)

EDUCATION

Software Engineering Certification	Verzeo, Bangalore	March 2021 – Sept 2021
Bachelor of Science in Mechanical Engineering	Universal Engineering College, Thrissur	Aug 2012 – Aug 2016
